The diagram below must be filled in using both a red ballpoint pen and a black ballpoint pen. Do NOT use blue. See the Horse ID Info Sheet provided on the website for assistance. Incorrectly filled ID forms will not be accepted.

- White markings OUTLINED with solid lines. Use hatch marks to fill. Use a **RED** pen.
- Whorls with an x, scars with an arrow, sketch brands in place and record in the brand details box, identify microchip site with an M. Use a **BLACK** pen.
